***Matthew 28:19
Go, teach, and baptize them.....***

We appreciate the prayers and monetary support received each month, your faithfulness to the Lord, allows us to represent Christ to the Belizean people. We are truly blessed with churches and individuals that love the people of Belize and care for their souls.

In January, we began a new class of Personal Evangelism in the Bible Institute. We are watching our group grow in God's Word and seeing their desire to reach fellow Belizeans with the gospel of Christ. It's such a privilege to invest spiritually in the lives of these precious people.

Also in January, we hosted our first missions team of the year from Florida. They held a week long VBS, and we all enjoyed them very much. Several of the children attending responded to the gospel message and made professions of faith in the Lord Jesus. The team also helped with a concrete pad for our water system for the church kitchen. The team was a tremendous blessing to the Bullet Tree ministry. While they were here with us, we presented 6 Belizeans with a certificate of completion for reading the Bible through in 2023. This is such a great accomplishment for them, as well as Bullet Tree Baptist.

We attended our first youth rally in 2024, a 4 hour bus ride from Bullet Tree to the town of Corozal, Belize. Our youth enjoyed the rally and the ride to and from. Many of them never leave the area and this is always a special treat. We enjoy our youth, but we're concerned about the home life of many of them. Please pray for each one to make good godly decisions based on the Bible.

In February, we had a church baptismal service and a BBQ lunch at the river. We were super excited to watch 11 believers take the next step of obedience after salvation in believers baptism. We have already begun discipleship classes for a few and are hoping to start a few more classes in the near future. Please pray for these new disciples to begin making new disciples.

We are in desperate need of prayer concerning a property purchase. We spoke to the owner of the hotel and property that is adjacent to the church. She is suppose to contact us soon with a price for the hotel plus 2 additional lots. Please pray for God to work in a miraculous way for the price to be fair and reasonable. With 14 rooms being converted into classrooms, this would be a great location for Beacon Baptist Academy. BBA would offer children in our village and surrounding villages the opportunity for a solid Bible education along with a curriculum that will prepare them for the future, a great need in our area. Please pray for God to move greatly in this matter!
